REUSABLE

MICROFIBER POCKET MOPS

Designed for the Saturix™ Hands-Free Mop Drop System

Improve Efficiency While Reducing Waste

Saturix reusable microfiber pocket mops offer the consistent liquid laydown, high surface coverage, chemical compatibility, and cleaning power of microfiber—all in one reusable package.

Features and Benefits

- Removes 99.9% of particles down to .1 micron in size⁴
- Heavyweight fleece construction for efficient soil removal
- Pocket mop design facilitates hands-free operation for ease of use and minimizes the spread of dirty cleaning solutions
- High absorption and coverage to maximize worker efficiency
- Consistent and even laydown of cleaning solutions
- Sewn edges for enhanced durability
- Launderable for a minimum of 100 cycles

Item	Size	Quantity
MR816	16" x 5" (40 cm x 12 cm)	10 mops/bag • 5 bags/case

- 1. Data shown are typical values and should not be used as product specifications.
- 2. Valid product comparisons may only be obtained through side-by-side testing in the same test facility, under similar conditions. Current and/or comparison data may be available. Please contact an FG Clean Wipes representative for details.
- 3. FG Clean Wipes makes general recommendations on which products are suitable for different cleanroom classifications. However, specific applications may affect that recommendation. The final decision should be made by the end user for their particular application.
- 4. Based on third party testing.

^{*} Cleanroom class recommendations are based on typical industry-wide applications and general cleanliness classifications. Please consult our experienced FG Clean Wipes sales representatives for specific cleanroom selections for critical and/or specialized applications based on a wider selection of criteria.
