SATURIX®
by FG CLEAN WIPES

DRY
CLEANROOM WIPES

Improving the Essentials

Our focused portfolio features everything you need—nonwovens with enhanced cleanliness, breakthrough microfiber technology, and pure polyester knit with different weights.

PRE-SATURATED
CLEANROOM WIPES

Convenience, Consistency and Cleanliness

Our family of presaturated wipes feature wide-ranging substrates, IPA saturant levels, and packaging configurations for a multitude of environments and applications.

- Variety of substrates for different critical environments and applications

- Absorbent and versatile polyester cellulose wipes free of additives

- Advanced microfiber proven to remove 99.9% of particulate residue down to .1 micron in size*

- Polyester knit wipes deliver dependable durability, high purity and ultra-low extractables, ions and NVRs

- Reduces IPA use and minimizes bulk liquid storage

- Reduces airborne VOCs

- Provides consistency in application of solvent

- Multiple sizes and packaging configurations in different formats and IPA concentrations

- Variety of substrates for different critical environments

- Easier and safer to ship, store and use

* Based on third party lab testing.

MOPPING SYSTEM

ICT+ ISOLATOR CLEANING TOOL

Risk Reduction for Better Annex 1 Compliance

A complete, patented system for critical cleaning engineered to work flawlessly together or alone to reduce risk and waste, promote employee health and safety, and improve operational efficiency.

A Higher Level of Regulatory Compliance

An innovative solution for systematic cleaning of isolators bio safety cabinets and other aseptic environments. It will help any compounding pharmacy be more compliant with USP and Annex 1 standards to ensure the clean and sterile preparation of drugs.

- Remove 99.9% of Particulate Residue Down to .1 Micron in Size** to provide critical contamination control performance

- Lower Risk Profile of Entire Mopping Process by 80%* by eliminating high risk touch points and human process variation

- Save Chemical Usage by 90%* to provide economic and environmental benefits

- Reduce VOCs by 60%** to enhance employee health and safety

*Based on internal analysis of 5,000 ft2 ISO 7 facility.
**Based on third party lab testing.

- Touch-free operation reduces cross contamination risk while improving efficiency

- Precision dosing ensures consistent mop saturation and saves chemical cost

- Ergonomic, easy-to-use hybrid design enhances employee health and safety

- 99.9% particulate residue removal mechanically removes disinfectant residues and other harmful particulates form the surface**

STERILE ALCOHOL

Unmatched Performance and Dependability

Fast-acting with extremely low chemical residue, our sterile IPA is manufactured in an ISO 6 cleanroom and packaged in an ISO 5 cleanroom according to the highest GMP and ISO 9001 standards.

- 70% USP Grade Isopropyl Alcohol
- 30% Water for Injection (WFI) Quality Water
- Alcohol blend filtered to 0.1 micron
- Each bottle is double bagged
- Pyrogen free
- Gamma irradiated and validated to a sterility level of 10^{-6}

PREP AND SPILL CONTROL PADS

Enhancing Cleanliness and Safety with Spill Protection

Our absorbent, triple-layered pads are ideal for use in cleanrooms and controlled environments. They are perfect for use as tray or workstation liners or to absorb spills when areas must be critically clean.

- Three-layer construction provides optimal absorption and a liquid barrier
- Non-stick apertured polypropylene coating effectively absorbs liquid while reducing linting
- Airlaid absorbent middle layer traps liquids
- Low density polyethylene (PE) film backing blocks liquids
- Free of latex- and solvent-based adhesives

Dry Cleanroom Wipes

Nonwoven Wipes

SKU	Product Description	Size	Wipes/Case	Wipes/Bag	Bags/Case
WD109	Polyester/Cellulose, Standard Weight 68 gsm Wipes	9" x 9" (23 cm x 23 cm)	3,600	300	12
WD109S	Sterile Polyester/Cellulose, Standard Weight 68 gsm Wipes	9" x 9" (23 cm x 23 cm)	1,500	150	10
WD112	Polyester/Cellulose, Standard Weight 68 gsm Wipes	12" x 12" (30 cm x 30 cm)	2,700	150	18
WD112S	Sterile Polyester/Cellulose, Standard Weight 68 gsm Wipes	12" x 12" (30 cm x 30 cm)	1,050	25	42
WD209	Spunlace Microfiber, Standard Weight 58 gsm Wipes	9" x 9" (23 cm x 23 cm)	3,600	300	12
WD209S	Sterile Spunlace Microfiber, Standard Weight 25 gsm Wipes	9" x 9" (23 cm x 23 cm)	1,500	150	10
WD212	Spunlace Microfiber, Standard Weight 25 gsm Wipes	12" x 12" (30 cm x 30 cm)	2,700	150	18
